U.S. DISTRICT COURT
N.D. OF N.Y.
FILED

JAN 03 2007

RE: SANFORD MELTZER
DOB: _____

LAWRENCE K. BAERMAN, Clerk
UTICA

Dear Honorable Hurd:

Mr. Meltzer is a gentleman who I had seen for a colonoscopy and removed a polyp. That was in 2005. He subsequently returned to my office having some discomfort in the left lower quadrant. A CT scan revealed some stranding which suggested that he had some diverticulitis. This was treated conservatively with antibiotics and he had no further problems from my standpoint.

I have not seen him since that time. I do note, however, that he was admitted and seen in consultation by some of my partners within the past several months. Our involvement with him is minimal. He does have a very extensive cardiac and medical history. A copy of my evaluation is enclosed.

It probably is more appropriate that you talk to his cardiologist.

Sincerely,

Michael A. FitzGerald, M.D.
MAF/L&M/ls

RE: SANFORD MELTZER
DOB: 07/04/33

Dear Ms. Taylor:

Dr. Fitzgerald asked me to comment on Sanford Meltzer because I saw him in the hospital more recently than he has seen him. I do not care for Mr. Meltzer on a regular basis. I really cannot answer your questions, per se. I would suggest you get a release of information for the St. Joseph's Hospital medical records and you can review those. If you have any questions regarding that you can address them with Dr. Fitzgerald.

Thank you for your attention to this matter.

Sincerely yours,

David G. Heisig, M.D., FACP
DGH/L&M/lab
